

Discover Garden Courses at Wirral Environmental Network, WEN, from January to March 2018

PRACTICAL GARDENING

Discover and practice practical tasks you can do in your garden at this time of year including pruning, taking cuttings, sowing seeds, improving your soil, looking at YOUR garden for the spring season and much more

Start Date- Wednesday 10th January 2018, 9.30 - 11.30

A - Z OF GARDENING - ORNAMENTAL AND PRODUCTIVE

We will look at a new subject every week which will help you in your garden e.g. essential features for good plant growth, how to use herbaceous perennials in garden, roses, what is your soil and much more!

Find out what you should be doing week by week in your garden and gardener's question time ever week

Start Date- Thursday 11th January 2.15 - 4.15

Cost of each course is £55.00 for each 10 week term
You can do one term or as many as you like all are different!

SCIENCE AND HORTICULTURE

This course is based around the principals and science of plant development, growth and development.

This term will be based on plant nutrition and the soil environment.

Recognized qualification can be gained IF you decide to take relevant exams

Start Date - Friday 12th January 12.30 - 3.00

Cost - £75.00 per 25 hours (10 week blocks)

All held at WEN, Sandon Building, Falkland Road, Seacombe CH44 8ER
