## AIMS

1. To educate the public about the environment and about the protection of the environment.
2. To provide an environmental network for Wirral and the surrounding areas.
3. To establish a permanent Centre in Wirral that encourages the adoption of sustainable lifestyles.
4. To meet the challenge that future generations should not have to pay the price of our 21<sup>st</sup> Century lifestyles.

## OBJECTIVES

### Education

1. To provide a regular newsletter highlighting environmental issues, concerns and events.
2. To give talks and presentations on related subjects to a wide range of audiences.
3. To be a focus for schools on environmental issues.
4. To provide an information service to all, and to support others setting up or running projects that benefit the environment.
5. To run events, workshops and courses that expand people's knowledge of their environment, enable them to be more involved in decision-making, and help them to live more sustainably.
6. To work with individuals and community groups in disadvantaged communities in Wirral to support employability skills, health, and well-being through environmental education.
7. To promote the benefits of the Green Economy to local businesses.

### Network

8. To provide mechanisms for local groups, organisations and individuals to work in partnership and to share information and expertise.
9. To publicise the objectives and activities of local environmental groups.
10. To encourage individuals to be more involved and participative.
11. To represent the interests of the environmental sector on local decision-making bodies.

### Wirral Environment Centre

12. To provide a locally recognised focal point for Green issues.
13. To seek funding for local environmental projects.
14. To provide resources, information and space to local environmental groups and projects.
15. To offer practical demonstrations of Green living.
16. To promote and facilitate ethical and environmentally-friendly lifestyles.
