Essential Digital Skills for beginners for Daily Life

Essential Digital Skills is a UK Government initiative helping everyone to use their digital device and includes being able to:

- use your tablet or mobile phone with confidence
- find information, advice and services
- keep in touch with family and friends
- shop, bank, access services online
- access learning, training and job opportunities

Being digitally confident makes everyday life easier

We offer free EDS (Essential Digital Skills) courses to help you improve your digital skills for daily life

Courses are designed for total beginners, those with a little knowledge and for those who lack digital confidence

in relaxed community settings

Digital Introduction Courses

tablets and smartphones

Focusing on what **you** want to learn

Usually 2 hours/week for 4-6 weeks

Building confidence so you can explore and experiment without fear
